## Usage

# Cloning the Repository

To clone the repository of R-type use this line:

```
git clone git@github.com:EpitechPromo2026/B-CPP-500-PAR-5-1-rtype-sofiane.bassaler.git
```

# Compiling the Program

To compile the Program, run the following commands:

```
cmake . -DCLIENT_MODE=ON -DSERVER_MODE=ON
make # use -j10 to compile faster
```
